## PRICE INCREASE ANNOUNCEMENT

JANUARY 15, 2015

Dear Valued Customer:

Please be advised that **effective April 15, 2015** there will be a price increase on all Lomanco ventilation products.

For the past 4 years Lomanco has worked hard to keep your product pricing stable by not implementing a price increase, even amid the rising inflationary costs (labor, transportation, etc.) that we have all experienced. This price increase is necessary in order to continue to provide the same top-quality products, service, and representation our industry has come to expect from Lomanco. Your local Area Market Manager will be providing you with the specific details of this price increase in the coming days.

For nearly 70 years, Lomanco has offered the building materials industry the best residential ventilation products available on the market. We are committed to continuing that proud tradition.

We appreciate your understanding and your continued support and thank you for your valued business.

Sincerely,

Mike Mitchell  
Director of Sales
